

Course Information

The apprentice undertaking this role will primarily service and repair the mechanical parts of motor vehicles such as the engine, transmission (clutch, gear box and differential) and the suspension systems (springs, steering, brakes, wheels and tyres).

The apprentice will also perform tasks including:

- Discussing problems with vehicle drivers to discover faults and carrying out their own diagnosis
- Repair and service cooling systems, fuel systems, air conditioning and emission control systems, clutch assemblies, manual and automatic transmissions, braking systems, final drive assemblies and steering and suspension systems.
- The repair of ignition, electronic engine management and electrical systems are also encompassed in the motor mechanic's duties.

Course Outcome

Successful completion of the course will result in the issuance of a Statement of Attainment for AUR30616 - Certificate III in Light Vehicle Mechanical Technology.

Employment outcomes may be found in a variety of light vehicle mechanical related sectors.

There is no licenced outcome for this course.

Entry Requirements

Participants must be employed as an apprentice and have signed a Registered Training Contract. Tec-NQ undertakes a Learning, Literacy and Numeracy Assessment as part of its enrolment process.

Training & Assessment and Course Duration

This training is delivered by TEC-NQ over a period of 4 years and can be a combination of:

- Face to Face Facilitator lead instruction in both practical workshop and classroom contexts.
- Online theory
- On the job blended learning

Tec-NQ will employ a range of assessment methods designed to gather evidence from a variety of sources in different forms. The evidence

gathering techniques will be direct, indirect and supplementary.

Costs/Concessions

A student administration charge of \$35.00 is applicable to all enrolments, paid once per calendar year. Training is charged per nominal hour, at the set rate of \$1.60/hour.*

Charges can vary according to the nominal hours required to be deemed competent per unit. Please note all certified training is GST free.

Additional costs include relevant uniform and stationery required to conduct this course. This information will be included in your enrolment pack and can be subject to change.

Some students are eligible for concessions, please check with your Enrolments Officer when registering for the course.

*Subject to change as fees are set by the Department of Education and Training.

Resources Required

Students must have the following items for all classes from the first day of attendance:

PPE Requirements

Cotton long pants
Cotton long sleeve shirt (sleeves buttoned)
Steel cap boots in good condition
Safety glasses (clear)

Stationery Requirements

Training record book
Calculator (scientific)
Pencil - HB
Eraser
Sharpener
Pen - blue/black
Notebook

Delivery Location

Training is delivered on location at Tec- NQ's purpose built facility at

54 Discovery Drive Douglas QLD

Tec-NQ's workshops have training rooms either adjoining the workshop or in close proximity.

This allows for theoretical insights in the classroom to be immediately applied in practical terms in the workshop ensuring maximum retention by apprentices and minimal time needed away from the workplace.
