

Course Outcome

Successful completion of the course will result in the issuance of a Statement of Attainment for CPC32413 - Certificate III in Plumbing.

Graduates may pursue work as a:

- Plumber
- Plumber and drainer
- Plumber and gasfitter
- Gasfitter
- Roof plumber

Entry Requirements

Participants must be employed as an apprentice and have signed a Registered Training Contract. Tec-NQ undertakes a Learning, Literacy and Numeracy Assessment as part of its enrolment process (where appropriate).

Training and Assessment

This training is delivered by Tec-NQ and can be a combination of:

- Face to Face Facilitator lead instruction in both practical workshop and classroom contexts.
- Online theory
- On the job blended learning

Course Information

Progressing through Tec-NQ's specially designed course ensures the highest quality training outcome for all involved. The apprentice will undertake the following duties:

- Lay out, test and maintain pipes, fixtures, metal roofing, fittings, gas meters, regulators, units and appliances.
- Install equipment such as boilers, pumps, heating and cooling systems, natural gas appliances, water tanks, water heaters and solar water heating systems.
- Install, maintain and repair pipes in storm water or sewerage systems and drains, septic tanks, holding wells, sullage pits and absorption tracks.

Tec-NQ will employ a range of assessment methods designed to gather evidence from a variety of sources in different forms. The evidence gathering techniques will be direct, indirect and supplementary.

Costs/Concessions

A Student Administration Charge of \$35.00 is applicable to all enrolments, paid once per calendar year. Training is charged per nominal hour, at the set rate of \$1.60/hour.*

Charges can vary according to the nominal hours required to be deemed competent per unit. Please note all certified training is GST free.

Additional costs include relevant uniform and stationery required to conduct this course. This information will be included in your enrolment pack and can be subject to change.

Some students are eligible for concessions, please check with your Enrolments Officer when registering for the course.

*subject to change as fees are set by the Department of Education and Training.

Course Progress/Course Duration

All apprenticeships have a nominal term - this is the timeframe that is on the Apprenticeship training contract. Full-time apprentices will attend 16 weeks of training over the nominal 48 months of apprenticeship. This training is conducted via block release from the employer. To view our training schedule visit tecnq.com.au under Training Schedule.

Why use Tec-NQ as your Training Provider?

Tec-NQ's campus includes many purpose built workshops with training rooms either adjoining the workshop or in close proximity. This allows for theoretical insights in the classroom to be immediately applied in practical terms in the workshop ensuring maximum retention by apprentices and minimal time needed away from the workplace.
