

Course Information

Upon completion of this qualification the apprentice will be a fully qualified electrician and be able to complete the following:

Select, install, set up, test, fault find, repair and maintain systems and devices for measurement and recording of physical/chemical phenomena and related.

Completion of this qualification, with appropriate elective units, can provide credit towards a Certificate IV in Instrumentation and Control.

Course Outcome

Successful completion of the course will result the issuance of a Statement of Attainment for UEE30811 - Certificate III in Electrotechnology (Electrician). Graduates may pursue work as an Electrician (General).

Entry Requirements

Participants must be employed as an apprentice and have signed a Registered Training Contract. Tec-NQ undertakes a Learning, Literacy and Numeracy Assessment as part of its enrolment process (where appropriate).

Training and Assessment

This training is delivered by Tec-NQ and can be a combination of:

- Face to Face Facilitator lead instruction in both practical workshop and classroom contexts.
- Online theory
- On the job blended learning

Tec-NQ will employ a range of assessment methods designed to gather evidence from a variety of sources in different forms. The evidence gathering techniques will be direct, indirect and supplementary.

Costs/Concessions

A Student Administration Charge of \$35.00 is applicable to all enrolments, paid once per calendar year. Training is charged per nominal hour, at the set rate of \$1.60/hour.*

Charges can vary according to the nominal hours required to be deemed competent per unit. Please note all certified training is GST free.

Additional costs include relevant uniform and stationery required to conduct this course. This information will be included in your enrolment pack and can be subject to change.

Some students are eligible for concessions, please check with your Enrolments Officer when registering for the course.

*subject to change as fees are set by the Department of Education and Training.

Course Progress/Course Duration

All apprenticeships have a nominal term - this is the timeframe that is on the Apprenticeship training contract. Full-time apprentices will attend 23 weeks of training over the nominal 48 months of apprenticeship. This training is conducted via block release from the employer. To view our training schedule visit tecnaq.com.au under Training Schedule.

Why use Tec-NQ as your Training Provider?

Tec-NQ's campus includes many purpose built workshops with training rooms either adjoining the workshop or in close proximity. This allows for theoretical insights in the classroom to be immediately applied in practical terms in the workshop ensuring maximum retention by apprentices and minimal time needed away from the workplace.

For more information on **Funding and loan options, Tec-NQ's Recognition of Prior Learning (RPL), Teaching Resources, Fees and Refunds Policy** and the **Deferral, Suspension and Cancellations Policy** visit tecnaq.com.au
