

Course Description

This course is a great way to gain entry level skills in the plumbing industry. This qualification covers the skills in how to plan, design, install, maintain and test below ground sanitary drainage and stormwater systems including the installation of domestic treatment plants.

Course Duration

This course is delivered over a period of 20 weeks. You are enrolled in a classroom based mode for 33.75 hours per week. To get the most out of your course you need to do some self-study in your own time.

Course Requirements

For overseas participants whose first language is not English, the required level of entry for this course is a minimum of:

- IELTS (International English Language Testing System) with a score of 6 with no individual score of less than 5 or equivalent.
- Participants must be over the age of 18 years.

For further information on entry requirements, please contact the International Administration Officer on +61 7 4779 2199.

Following receipt of payment of the non-refundable enrolment fee, enrolment form and signed acceptance of course offer documentation, the participants place will be confirmed.

Recognition of Prior Learning (RPL)

Students who have completed relevant studies or have some of the competencies in the course may apply for Recognition of Prior Learning (RPL). Application can be made with the initial application or can be made within two weeks of the course commencement using the RPL Application Form and by providing supporting documents. Please Note: RPL cannot result in an international student having less than a full time load of study (20 hours).

Teaching Methods

Every subject may be different. It is important to study the subject outline. Facilitators will explain the details at the start of the subject. Lessons are supported by powerpoint slides plus visual topic content, with practice time, tutorial time and extra skills tutoring. Drainage subjects will be a combination of face-to-face facilitator led instruction (both workshop and classroom contexts) and simulated on-the-job application. Materials are provided in print and digital copy as part of the course.

Assessment Methods

Assessments may include written knowledge tests, discussions and oral communication demonstrations, written reports, web based research and reports, observations, and final reports. To perform at your best, you may need to work on the assessments outside of class time.

Pathways and Employment Outcomes

After achieving the CPC20712 Certificate II in Drainage, you have a number of pathway options. You can complete further study at TecNQ or other trade institutions.

Please refer to www.myskills.gov.au for employment outcomes. Please Note: Visa, Residency and Citizenship requirements may have implications on further studies and employment in Australia.

Course Fees

The following fees will apply:

- Enrolment Fee - \$250.00 AUD (non-refundable)
- Course - \$5500.00 AUD
- Uniform Cost - \$227.70 AUD (subject to change)
- Stationary Cost - \$367.64 AUD (subject to change)

Start Date

1 May - 29 September 2017

Competency Code	Competency Name	Core / Elective	Price
CPCPCM2039A	Carry out interactive workplace communication	Core	\$215.04
CPCPCM2040A	Read plans and calculate plumbing quantities	Core	\$215.04
CPCPCM2041A	Work effectively in the plumbing and services sector	Core	\$215.04
CPCPCM2043A	Carry out WHS requirements	Core	\$716.80
CPCPCM2045A	Handle and store plumbing materials	Core	\$107.52
CPCPCM2046A	Use plumbing hand and power tools	Core	\$716.80
CPCPCM2047A	Carry out levelling	Core	\$107.52
CPCPCM2054A	Carry out simple concreting and rendering	Core	\$286.72
CPCPDR2021A	Locate and clear blockages	Core	\$143.36
CPCPDR2022A	Install domestic treatment plants	Core	\$394.24
CPCPDR2024A	Install stormwater and sub-soil drainage systems	Core	\$250.88
CPCPDR2025A	Drain work site	Core	\$71.68
CPCPDR2026A	Install prefabricated inspection openings and enclosures	Core	\$71.68
CPCPDR3021A	Plan layout of a residential sanitary drainage system	Core	\$143.36
CPCPDR3022A	Install below ground sanitary drainage systems	Core	\$482.40
CPCPDR3023A	Install on-site disposal systems	Core	\$143.36
HLTFA211A	Provide basic emergency lift support	Core	\$143.36
RIICCM210A	Install trench support	Core	\$286.72
CPCPCM2048A	Cut and join sheet metal	Elective	\$143.36
CPCPCM2049A	Cut using oxy-LPG-acetylene equipment	Elective	\$143.36
CPCPCM2050A	Mark out materials	Elective	\$358.40
CPCPSN3025A	Install pre-treatment facilities	Elective	\$143.36

Tec-NQ reserves the right to amend course structure. Students on a student visa MUST be enrolled in a full-time course.
