

Course Description

This course is a great way to gain entry level skills in the resource and infrastructure industry. This qualification covers the skills and knowledge required to perform routine tasks and procedures, using limited practical skills and fundamental operational knowledge, and taking some responsibility for the quality of the work outcomes.

Course Duration

This course is delivered over a period of 20 weeks. You are enrolled in a classroom based mode for 33.75 hours per week. To get the most out of your course you need to do some self-study in your own time.

Course Requirements

For overseas participants whose first language is not English, the required level of entry for this course is a minimum of:

- IELTS (International English Language Testing System) with a score of 6 with no individual score of less than 5 or equivalent.
- Participants must be over the age of 18 years.

For further information on entry requirements, please contact the International Administration Officer on +61 7 4779 2199.

Following receipt of payment of the non-refundable enrolment fee, enrolment form and signed acceptance of course offer documentation, the participants place will be confirmed.

Recognition of Prior Learning (RPL)

Students who have completed relevant studies or have some of the competencies in the course may apply for Recognition of Prior Learning (RPL). Application can be made with the initial application or can be made within two weeks of the course commencement using the RPL Application Form and by providing supporting documents. Please Note: RPL cannot result in an international student having less than a full time load of study (20 hours).

Teaching Methods

Every subject may be different. It is important to study the subject outline. Facilitators will explain the details at the start of the subject. Lessons are supported by powerpoint slides plus visual topic content, with practice time, tutorial time and extra skills tutoring. Resource and Infrastructure Work Preparation subjects will be a combination of face-to-face facilitator led instruction (both workshop and classroom contexts) and simulated on-the-job application. Materials are provided in print and digital copy as part of the course.

Assessment Methods

Assessments may include written knowledge tests, discussions and oral communication demonstrations, written reports, web based research and reports, observations, and final reports. To perform at your best, you may need to work on the assessments outside of class time.

Pathways and Employment Outcomes

After achieving the RII20115 Certificate II in Resources and Infrastructure Work Preparation, you have a number of pathway options. You can complete further study at Tec-NQ or other trade institutions.

Please refer to www.myskills.gov.au for employment outcomes. Please Note: Visa, Residency and Citizenship requirements may have implications on further studies and employment in Australia.

Course Fees

The following fees will apply:

- Enrolment Fee - \$250.00 AUD (non-refundable)
- Course - \$5500.00 AUD
- Uniform Cost - \$193.60 AUD (subject to change)
- Stationary Cost - \$278.79 AUD (subject to change)

Start Date

1 May - 29 September 2017

Competency Code	Competency Name	Core / Elective	Price
RIIWHS201D	Work safely and follow WHS policies and procedures	Core	\$429.60
RIIRIS201D	Conduct local risk control	Core	\$429.6
RIIENV201D	Identify and assess environmental and heritage concerns	Core	\$429.60
RIICCM201D	Carry out measurements and calculations	Elective	\$429.60
RIISAM201D	Handle resources and infrastructure materials and safely dispose of nontoxic materials	Elective	\$343.68
RIISAM203D	Use hand and power tools	Elective	\$1718.62
RIISAM207D	Apply operational maintenance skills	Elective	\$860.20
RIICOM201D	Communicate in the workplace	Elective	\$429.60
RIIQUA201D	Maintain and monitor site quality standards	Elective	\$429.60

Tec-NQ reserves the right to amend course structure. Students on a student visa MUST be enrolled in a full-time course.
