

CPCCWHS1001 - Prepare to work safely in the construction industry

Tec-NQ's online Construction Induction White Card training is the flexible way to get onsite quickly.

This course is a requirement for anyone who wants to work in the construction industry in Australia.

The course is user friendly and filled with practical examples including animations which reinforce the content. The Work Health and Safety Regulation 2011 set out mandatory requirements for the provision of general construction induction training.

Course Topics

- WHS legislation
- Risk Management and Control Measures in the Construction Industry
- Incident and emergency response procedures
- WHS communication, documentation and reporting processes

Course Outcome

Upon successful completion of this course and verification is complete, participants will be sent a Statement of Attainment for CPCCOHS1001A - Work safely in the construction industry and issued with your working across borders (white card).

Course Requirements

Internet connection. Estimated time to complete is six hours.
